SUMMARY

Aspiring Python Developer with a strong foundation in Python, SQL, and object-oriented programming. Skilled in developing scalable applications, writing clean and efficient code, and solving complex problems. Hands-on experience with Python, Pandas, Scikit-learn, Streamlit, PostgreSQL, and Git through academic and personal projects. Eager to contribute to agile software development teams and build high-quality software solutions.

INTERNSHIP

Cloud Virtual Intern

Oct'25 - Dec '25

AWS

Gained hands-on experience in cloud infrastructure, deployment models, and virtualization. Focused on scalable computing, storage solutions, and cloud security best practices.

EDUCATION

B.Tech in Computer Science & Engineering(AIML), Marri Laxman Reddy Institute Of Technology And Management (GPA:8.72/10.0)

2022 - 2026

CERTIFICATIONS

AI-ML, Google	Jun '24
SQL(Basic), HackerRank	Jan '25
Java Programming Fundamentals, Infosys Springboard	Mar '25
Deep Learning, Citd	Aug '25
IT Support Essentials, Cisco	Dec '25

PROJECTS

Online Service Booking Platform With Payment Integration Using AI

- Developed an Online Service Booking Platform with secure payment integration and AI-driven provider matching for seamless customer-service interactions.
- Built responsive role-based dashboards with real-time booking tracking, authentication, and database management using modern full-stack technologies.
Tools: Next.js 15, React 19, TypeScript, Supabase, PostgreSQL, Tailwind.

Rainfall Estimation Using Python

- Developed a rainfall estimation and prediction system using Python by analyzing historical weather data. Implemented data preprocessing, feature engineering, and machine learning techniques to improve prediction accuracy.
Tools: Python, Pandas, Scikit-learn, Matplotlib, NumPy, Jupyter Notebook, CSV Handling.

TECHNICAL SKILLS

Tools : PowerBi, Vscode, Github, Microsoft Excel

Interests : Enjoy solving logical and analytical problems, actively play cricket, and have a strong interest in films across various genres.

Languages : Python, Java, MySql, HTML, CSS And Familiar with C
